✓ Less Handling of The Physical Paper Checks
✓ No More Nightly Paper Deposits
✓ Easy Process to Implement And Use
✓ No Change to Your Banking Relationship
✓ Automated Interface to Your Accounts Receivable
✓ Eliminate All NSF returned Item Fees With **eRecovery™**
✓ Instant Access to Daily **CHEQ™** Transaction Information

> " Uni*CHEQ*™ allows you to originate all your CHEQ™ transactions from one PC. "

Uni*CHEQ*™ Process

Once a day, the **Uni-CHEQ™** software will deliver your daily deposits electronically by batch to our **CHEQ™** Processing Center, which in turn debits the **CHEQ™** writers account and credits your business depository account.

Uni*CHEQ*™ Facts

The **Uni*CHEQ*™** software allows you to enter both recurring automated debits and all other **CHEQ™** transaction types.

Uni*CHEQ*™ Solution

Uni*CHEQ*™ uses the MICR-Image scanner from Magtek to capture both point-of-sale (POP) and mailed-in **CHEQ™** (ARC) transactions throughout the day.

Uni*CHEQ*™

*works in conjuction with eRecovery™
to virtually ELIMINATE all NSF Banking Fees.*
